

MONTICELLO SCHOOL DISTRICT STUDENT CHROMEBOOK / CHROMETABLET RESPONSIBILITIES

Expectations for Use

Student Chromebook and Chrometablet devices are to be used for educational purposes only. Devices allow students to access tools and resources not found in traditional offline educational materials. Having a device 24/7 expands the opportunity for students to use those educational tools and resources anytime, anywhere.

Ownership

The **device, power supply** and **case** are property of the Monticello Public School District. Students will be using the same device from year to year. It is the student's responsibility to take care of these items so they continue to work well and report any damage or issues to the Tech or Magic Studio in the building immediately.

Timeline

Students in grades K-12 are issued a device for the entire school year. Students will turn in devices for the summer at the end of the year.

Repair/Replacement

At the High School and Middle School, report problems with the device to the Tech or Magic Studio. At the elementary school, report problems to the Homeroom teacher or Media Center in each school building. District technicians will do maintenance and repairs. Like textbooks, damage caused by neglect, misuse, or abuse of the device is the responsibility of the student and family.

Taking Care of Student Devices

Students are expected to care for devices as they would any other school property in their care. Some guidelines for care include:

- Carry in the case at all times. The device is not to be removed from the case. The case is meant to protect the device.
- Keep the Chromebook and the Chrometablet fully charged for each school day.
- Follow the Student Acceptable Use Guidelines as outlined in the Student Handbook and be a responsible digital citizen. Use the Chromebook for **educational purposes only**.
- Do not deface the Chromebook or tablet with stickers, writing or engraving
- Report any damage or issues to the Tech Studio or Magic Studio or homeroom teacher immediately.
- Take responsibility for any damage or loss caused by neglect or abuse.
- Report any damage or loss, whatever the cause, to your Homeroom teacher or the *Tech Studio in the building* immediately.
- Turn the Chromebook, case and power cords in good working condition at required check-ins, upon graduating or un-enrolling for any reason and prior to each summer.
