

STUDENT DISCIPLINE**I. PURPOSE**

The purpose of this policy is to ensure that students are aware of and comply with the School District's expectations for student conduct. Such compliance will enhance the School District's ability to maintain discipline and ensure that there is no interference with the educational process. The School District will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. It is the position of the School District that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40 through 121A.56.

In view of the foregoing and in accordance with Minn. Stat., the school board, with the participation of School District administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the School District.

VII. DISCIPLINARY ACTION OPTIONS

The general policy of the School District is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the School District. At a minimum, violation of School District rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The School District shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the School District. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor or other School District personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law.  - 1. immediate out-of-school suspension;
 - 2. confiscation of the weapon, alcohol or drugs;

- C. Administrative Discretion

While the School District takes a “Zero Tolerance” position on the possession, use or distribution of weapons other than firearms, alcohol or

drugs by students, the Superintendent may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

IX. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other School District employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including School District employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy;
or
4. Other conduct, which in the discretion of the teacher or administration requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages

in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

B. If a student is removed from class more than ten times in a school year, the School District shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

1. Removal from class is the short-term exclusion of a student from school during which the school retains custody of the student. Students removed from class are the responsibility of the Principal or lawful designee. The removal of a student from class shall not exceed three class periods. Students shall be removed from class only upon agreement of the appropriate teacher and Principal after an informal administrative conference with the student. The decision as to removal ultimately shall be made by the Principal.
2. The removal from class may be imposed without an informal administrative conference when it appears that the student will create an immediate and substantial danger to himself/herself or to persons or property around him/her. The length of time of removal and designation of where the removed student is to go when removed will be established at the administrative conference including, but not limited to, the completion of any make-up work.
3. If it is determined that that the student should return to the class from which he/she was removed, the Principal or his/her designee will conference with the teacher regarding the student's readmission.

B. Procedures for Removal of a Student From a Class.

1. Each teacher has the discretion to remove a student for inappropriate behavior as determined by the teacher. Upon asking the student to leave the classroom and report to the office, the teacher will notify the main office of the name of the student removed.
2. Disciplinary action may be taken as a result of any behavior which is disruptive of good order or which violates the rights of others. The acts set forth in the disciplinary policy are unacceptable and subject to disciplinary action in school buildings, on the school buses,

school grounds and at school sponsored activities regardless of the location of the event.

- D. Responsibility for and Custody of a Student Removed From Class
1. Each teacher has the discretion how to deal with inappropriate behavior by a student. The teacher may instruct the student to the hallway or the school office. If they are sent to the office, the teacher will notify the school office staff of the name of the student reporting to the office.
 2. Administrators have broad discretion how to determine the consequences based on the minimum and maximum consequences established in the student handbook. In unusual situations administrators may impose discipline less than the minimum. In the event the student has engaged in the same or similar behavior in the past or has engaged in persistent violation of schools rules, the maximum penalties may be increased.
- E. Procedures for Return of a Student to a Class From Which the Student Was Removed.
1. Administrators will take appropriate action for each student removed from class on a case-by-case basis. Such action may include, but is not limited to, warning, student conference, parent conference, detention, or suspension
- F. Procedures for Notification
1. The Principal will make a reasonable effort to contact the parent/guardian regarding violations of the rules of conduct and resulting disciplinary action.
 2. Actions or approvals required, such as notes, conferences, readmission plans.
- G. Disabled students; special provisions
1. Procedures for consideration of whether there is a need for further assessment;
 2. Procedures for consideration of whether there is a need for a review of the adequacy of the current Individualized Education Plan Program (IEP) of a disabled student who is removed from class or disciplined; and

3. Any procedures determined appropriate for referring students in need of special education services to those services.
- H. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises
1. Establishment of a chemical abuse pre-assessment team;
 2. Establishment of a school and community advisory team to address chemical abuse problems in the district; and
 3. Establishment of teacher reporting procedures to the chemical abuse pre-assessment team.
- I. Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct. Nothing in this policy shall prohibit the School District from taking immediate action to protect individuals and property from harm. Nor shall this policy be construed to prohibit the School District from expelling students from behavior not specifically set forth if such conduct:
1. Materially and substantially disrupts the rights of others to an education; or
 2. Endangers the student, other students or individuals or property of the school. All violations of the Code of Student Conduct will be handled on a case-by-case basis.
- J. Any Procedures Determined to be Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student's Behavior.
1. School district personnel may respond to student misbehavior in a variety of ways in which to involve parents or guardians. They include, but are not limited to, communication of concerns, parent conferences, and mediation.
- K. Any Procedures Determined to be Appropriate for Encouraging Early Detection of Behavioral Problems.

1. School district personnel may respond to behavioral problems in a variety of ways in attempts to modify the behavior. They include, but are not limited to, verbal warning, one-to-one interaction, written communication to parent, parent conference, detention, referral to administrator, and suspension.

X. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The School District shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The School District shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. willful violation of any school board regulation, including those found in this policy;
2. willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. willful conduct that endangers the student or other students, or surrounding persons, including School District employees, or property of the school.

- C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the Superintendent with a reason for the longer term of suspension.

This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

2. If a student's total days of removal from school exceed ten cumulative days in a school year, the School District shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian prior to subsequently removing the student from school. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or education neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the School District is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participant in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat., although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. State.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn Stat. §§ 121A.40 through 121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within 48 hours of the conference. (See attached sample Notice of Suspension.)

9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40 through 121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the School District's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40 through 121A.56; describe alternative

educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The School District shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the School District, student, parent or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
8. The School District shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The School District shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the School District in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the School District. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all

School District records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any School District employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the School District.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the MDE (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The School District shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The School District must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the School District.

XI. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. State, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XII. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other School District official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XIII. STUDENT DISCIPLINE RECORDS

It is the policy of the School District that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable School District policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13.

XIV. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the School District will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the School District had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior. If the student was placed in a 45-day interim alternative educational setting pending the manifestation determination, the student will be returned to the placement from which the student was removed unless the student and School District agree to a change of placement as part of the modification of the behavioral intervention plan.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the School District shall continue to provide special education and related services during the period of expulsion or exclusion.

XV. OPEN ENROLLED STUDENTS

The School District may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program or Enrollment in Nonresident

District at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy, and the student's case has been referred to juvenile court. The School District may also terminate the enrollment of a nonresident student over the age of sixteen (16) seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.
